# Research Update

## NHIVNA Research Award

Kirstie Salthouse, Chair of NHIVNA Research Sub-Committee

[www.nhivna.org](http://www.nhivna.org)

# Background

- Launched in 2019
- £4,000 of funding available for 2023 (grants between £100 - £2,000)
- Projects improving clinical care and the management of people living with HIV in the UK

# Changes this year

- No strict deadline
- Applications will be accepted year round from June 2023
- Application will be reviewed quarterly: Sept, Dec, March and June
- We hope this will improve the number of applications received

# Eligibility

- NHIVNA Member (membership must be maintained throughout entire period of research)
- Clinical or non-clinical working with people living with HIV in UK
- Applications welcome from all grades irrespective of level of qualifications
- Supported by a research mentor
- No restriction of number of applications individual can make
- Applications for research related to Masters or PhD will be accepted
- Funding does not cover staff cost, academic fees or conference attendance

# Application Process

- Opened 1st June 2023
- Closes 31st April 2024
- NHIVNA Research Awards Guidance Manual
- Application form submitted via Research Award Page on NHIVNA website [www.nhivna.org](http://www.nhivna.org)
- Applicants to be informed of decisions within 6 weeks of the closing date

Don't be afraid to apply

## Conflict of Interest

In relation to this presentation I declare that I have no conflict of interest

Speakers are required by the Federation of the Royal Colleges of Physicians to disclose conflicts of interest at the beginning of their presentation, with sufficient time for the information to be read by the audience. They should disclose financial relationships with manufacturers of any commercial product and/or providers of commercial services used on or produced for patients relating to the 36 months prior to the event. These include speaker fees, research grants, fees for other educational activities such as training of health professionals and consultation fees. Where a speaker owns shares or stocks directly in a company producing products or services for healthcare this should also be declared. Finally, other conflicts of interest including expert functions in health care or healthcare guidance processes should be declared (eg if the professional is a member of a health board). The Federation considers it good practice to also make speakers' disclosures available in digital format(s) relating to the educational event.
