# CULTURE AND HIV: 30 YEARS OF HIV DIAGNOSIS THE 1990'S

---

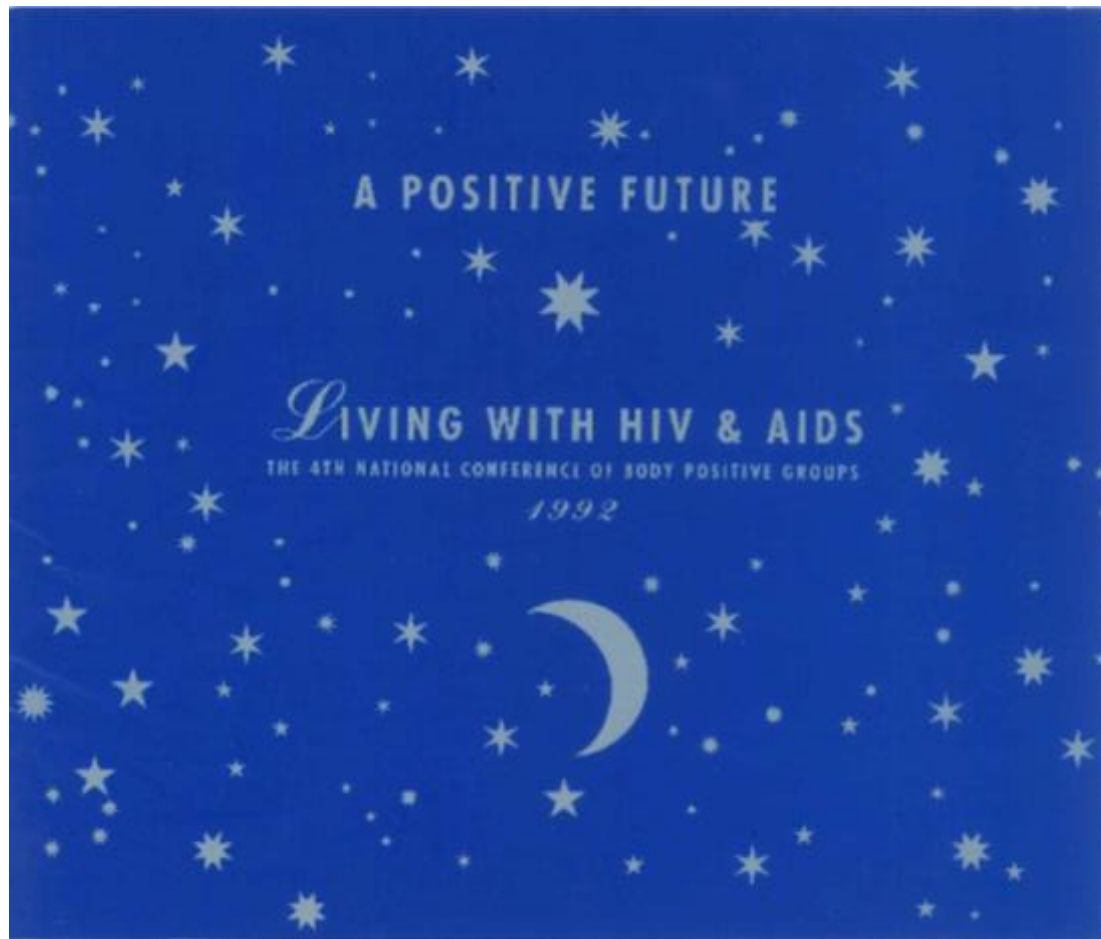

Jim Stanford

# National culture

# My journey

# Empowerment

# 4<sup>th</sup> National Conference of Body Positive Groups

# Conference feedback

- “I felt empowered”
- “Seeing the quilt breaks me up”
- “It’s a pity the rest of the world couldn’t be here, they wouldn’t have seen any ‘victims’, only people living with HIV/AIDS”
- “It enabled me to look at my needs for a change”

# 'A Positive Future – Living with HIV and Aids'

- “We should get used to the idea of life still being in front of us”

# Therapies

- Alternative/ complementary therapies
- Combination therapy
